### **Electronic immigration cards are successfully implemented**

Dear Sir or Madam,

Please, allow to inform you that testing period for electronic immigration cards in Ukraine has ended successfully and they are now available for purchase in both international terminals of Kyiv Borispol Airport. The price of the card is 18 UAH and outlets are open from 9 a.m. till 5 p.m. Immigration Service of Ukraine strongly recommends to use electronic immigration cards which enable Ukrainian citizens to save time at passport control.

We hope this information will make business travel management process and the trip itself easier.

If you have any questions, please ask your CWT contact person.

Yours sincerely,
